

Graham Road Surgery

8<sup>th</sup> July 2021

The NHS General Practice you are registered with, Graham Road Surgery, is proposing to re-locate their surgery to the new development at the Rugby Club.

As with all proposed changes to NHS services we have a duty to consult with you before the final decision is made.

So that you can provide us with your views in a way that is easiest for you, we have a number of ways you can do this:

- Attend a virtual open meeting by zoom from 11.30am to 1.00pm on Wednesday 21<sup>st</sup> July 2021, where you can hear more about the proposal and share your views in person. You can register in advance for this meeting here <https://zoom.us/meeting/register/tJl0f--hqDsvE9dnubVgPI5bfcn4l82iRiA>
- Answer a few questions on a survey which can be found on the practice website
- Send an email to [phgl.ppg@nhs.net](mailto:phgl.ppg@nhs.net)

Graham Road Surgery are part of Pier Health Group Ltd who have improved the services provided from Graham Road Surgery to include more consulting rooms and extra appointments for a range of services. Travel options from Graham Rod Surgery to the Rugby Club development are available on the [practice website](#).

If you would like to talk to the Patient Participation Group about this proposal, please let us know at [phgl.ppg@nhs.net](mailto:phgl.ppg@nhs.net)

Yours sincerely

Practice Manager
