Full time/Part time GPs Required

Sessions negotiable

Exciting opportunity to join 2 well established PMS practices with a combined population of approximately 15,400 patients.

The practices are located less than ½ a mile from each other in the pleasant village of Worle on the outskirts of Weston-super-Mare. The practices are situated just over 1 mile from junction 21 on the M5 making this an easily commutable distance from Bristol (30 minutes from Clifton Suspension Bridge on M5, 30 minutes from Ashton Gate Stadium on the A370). We serve a population with a good mix of age groups who come from a variety of economic backgrounds.

There is a clinical workforce including 1 GP partner, 6 salaried doctors, 3 nurse practitioners, 5 practice nurses and 3 health care assistants, who are supported by committed reception and administrative teams. We are a training practice and there is a regular flow of GP trainees and medical students.

We are a friendly and forward-thinking team, hoping to attract dynamic and innovative GPs. We would welcome creativity, allowing us to meet the increasing demands on general practice. We pride ourselves on our ability to provide excellent patient care whilst maintaining an attractive work-life balance.
